

New Plan for Uxbridge Bus

It was announced in July that the 459 bus would be withdrawn and replaced by a new route 140, combining parts of the 459 and of route 40 which served Hedgerley. The proposed route connected Iver to Slough, but not to Uxbridge.

A massive outcry ensued, with angry letters, petitions and a public meeting at Croft House chaired by Cllr Ruth VigorHedderly. From this, the County Council officials were made aware that Uxbridge was the preferred shopping destination for passengers from Iver.

As a consequence the County has reviewed its plans and is providing instead route 583. It starts at Hedgerley and goes via Slough and Wexham Park to Langley. It then comes through Iver, *once a day*, and goes on to Uxbridge via Iver Lane. It then makes a separate journey from Tower House and Croft ~ House, with return trips at lunchtime.

A timetable showing journeys through Iver is shown below, and the service is starting on 2nd November.
